Diane asked that you look at the comments now and she will hold back from giving to EPA counsel for review. Use the latest version that we submitted to EPA.

What is your estimated timeframe to do such?

Diane will forward it to you shortly.

Yes sir...you nailed it. As a follow-on to the CSTAG meeting, we should also probably get those recommendations to Karl G. for his thoughts before we send them over to CPG.

Diane,
I was talking with Keegan earlier today. He would like to see the Baseline SPME Report comments before they go out to CPG. I think in particular he is interested in the "recommendations for improvement"
– did I get that right Keegan?

Thanks.
